AN IMPORTANT BILL REGARDING TO-BACCO REPORTED FAVORABLY.

Speculations Touching Cleveland's Renemination-Mr. Tilden and Naval Construction-Postal Notes-Personal.

From Our Regular Correspondent. WASHINGTON, P. C., July 29 .-The Senate Committee on Finance reported favorably House Bill 8585. It provides that manufactured tobacco. snuff, and cigars may be removed for export to a foreign country without the payment of tax, under such regulations and the making of such entries and the filing of such bonds and bills of lading as the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, shall prescribe. Section 3151 of the Revised Statutes is repealed. This act takes effect on the first day of the second calendar month succeeding that in which it is approved. The Senate adopts the short House report, which simply publishes a letter from Acting-Commissioner Rogers endorsing the original bill, with the amendment included in the above.

A prominent Republican stated yesterday that he had been informed by leading New York Democrats that the death of Hubert (). Thompson was a serious if not fatal blow to the renomination of Cleveland. Entirely discrediting this statement, which was made to a friend of mine, I set on foot inquiries in the quarters most likely to be informed on the subject. Mr. Felix Campbell, of Brooklyn, who is not nown as a Cleveland Democrat, but who is presty good authority on New York local politics, said that there was nothing in the matter. Mr. Thompson was in no sense indispensable to the wing of the party to which he

For a year or more his inbelonged. nence had been on the wane. Mr. Manning, and not Mr. Thompson, was the Cleveland Colossus in New York. "In fact," said Mr. Campbell, "it cannot be said that even the death of Mr. Manning would affect the question of a renomination. The individuality of the President, the position he holds, and the fact that he is sustained by a large independent element would prevent us in New York from attempting to supplant him. Either be will be nominated or the choice will fall upon no other New Yorker, unless omething unforescen happens." Hewitt supposed the matter to be that of inference merely from the fact that Mr. Hubert O. Thompson had headed the County Democracy and been largely instrumental in securing the nomination of Mr. Cleveland. He did not consider that his death would have any serious effect upon the fortunes of the party. With regard to the reports now and then circulated that the New York De

morrats prefer Governor Hill as their nominee in 1848 for the presidency, it is pointed out that if the nomination for any reason should not go to the present incumbent it would go to the West, and probably be given to Mr. Carlisle. But, so far as the subject is discussed, it is conceded that, as matters now stand, Mr. Cleveland can succeed himself if he desires to do so. Early as it is, the the currency, and the next relating Number of chief clerks appointed matter is discussed to some extent. It is noticed that the party conventions almost everywhere endorse the Administration, occasionally with condemnation of the civil-service law, but most generally without reference to that

The river-and-harbor bill conference is in that peculiar position where neither house can recede with credit, both having instructed their conferrees. Messrs. Tillman, Springer, Henderson of North Carolina, and others, have predicted an extension of the session. Mr. Tillman thinks it will be August 15th before adjournment. Mr. Springer says that Congress may stay here all summer. Other centlemen say that it looks today as if it would take two weeks at least to wind up. The Speaker has said all along that it would be about the 6th of August.

SOLICITOR-GENERAL. In accordance with outgivings the President has appointed a Solicitor-General from a northern State. The choice falls on Hon, George A. The appointment is one that gives assurance of prompt prosecution of the telephone suits, and is regarded as indicative generally of a disposition to defend the rights of the Government in all mat-

SOUTH CAROLINA MATTERS. All of the South Carolina Democrats except Mr. Aiken, whose health has completely broken down, and who has not been in his seat this session, will be renominated, it is said. Judge Cothran will probably succeed Colonel Aiken. He is about fifty years of age, and is at present on the bench. Judge Cothran is spoken of as an able man and an elequent speaker. Messrs. Dibble, Dargon, and Perry have no contests. Mr. Hemphill's seat is contested by Mr. W. B. Wilson, of Yorkville.

Mr. Hear asked leave to report from the Committee on Library a preamble and resolution for the appointment of a committee of five senators (the prasiding officer to be one) to consider, formulate and report at the next session of Congress a plan for properly celebrating at the capital of the republic the centennial anniversary (in 1889) of the adoption of the Constitution and the fourhundredth anniversary (in 1889) of the discovery of America by Christopher Columbus, two historical events fraught with great patriotic interest.

CONTINUATION OF THE TRIAL AT CHL CAGO YESTERDAY.

The Testimony for the State Nearly All In-More Damaging Evidence Given.

By telegraph to the Dispatch] CHICAGO, July 29 .- State's-Attornev Grinnell announced this morning that all the testimony for the State in the Anarchists' trial would be laid before the jury by to-morrow evening. Schnaubel's sister was among spectators in the court. One division the court-room was occupied scheively by women. Dr. John B. Murphy, who attended many of the wounded officers at Desplaines-Street station, described in detail the characfer of the wounds sustained by the po-

ice officers at Haymarket. Dr. Epler was called, and testified to the fact of Fielden's visiting witness's office, on Halstead street, the night of the massacre, to have a bullet wound in his leg dressed. M. M. Thompson, the young man who

gave such damaging evidence against the leading Anarchists Tuesday, was recalled by the defence and asked whether he was not at Gref's Hall on the night of May 4th. He replied that he was not. He was questioned very closely by Mr. Foster, but did not vary any of his original statements. The State's attorney brought out the fact that he had been compelled to move from his house, on south Green street, owing to visits from the adherents of the Anarchists who sought to intimidate him

from making a stand.
Officer Michael Hoffman testified to Ending bombs near Ogden Grove, which had been pointed out to him by Informer Lehman. The same witness told of a vast amount of deadly missies found under the house of Anarchist Lieutenant Bowler was called and ex-

NORTH CAROLINA. THE RICHMOND AND DANVILLE AND DESIRED LEASES.

What the System Wants-Political Notes-Fruit Fair-Bingham Military-Personal.

[Frecial telegram to the Dispatch.] RALEIGH, N. C., July 29 .- It appears that the desire of the Richmond and Danville railroad is mainly to secure a ninety-nine-year lease of the North Carolina railroad, and to include therein the lease of the Atlantic and North Carolina road for the same time. The chief desire is, of course, to get a orger lease of the road first named. In case a longer lease cannot be secured on that road, the Atlantic and North 'arolina road will doubtless be desired any way for sixteen years. at which time the North Carolina rail road lease expires. To-day a number of prominent citizens connected with railways called on Governor Scales and discussed the matter. Nothing is yet known as to what will be done. Some persons claim that the roads cannot, under present conditions, be leased for the longer time desired, and say that the State may make better arrange-

ments by postponing any action. AGRICULTURE. The Department of Agriculture sent the manager of its experiment farm to Granville county to secure specimens of earth for use in making plant experiments at the farm. The manager reports the tobacco crop prospects in

PARDON PETITIONS. Comments made upon the abuse of the matter of petitions for pardon attract attention. A prominent judge said o-day that he was reliably informed that some two hundred petitions for pardons or commutation had been filed in Governor Scales's office within the

past year. In most of this belt the drought coninues, and to-day has been the hottest of the year. The temperature rose to 6. In all places where cotton lands have not had rain in the past week the plant is beginning to show the effects f the drought. So tender were the crops of all sorts after weeks of daily rain and little sunshine that they were more sensitive than ever before to the effects of the heat. This is what causes alarm on the part of many farmers. RENOMINATED.

A letter from an offiof the Asheville Citizen to show cause why they should not be attached for contempt. The paper intimated that the ment, with headquarters at Wilmington,

and a number of the members of the nominees for justices of the Supreme Court. The matter is discussed quite acrimoniously in many cases. Though the Convention does not meet until August 25th, yet over a dozen person; have been endorsed for the nomination by county and district conventions. There is now in progress, also, a

rather heated contest for the congres donal nomination in the Third district. Wharton J. Green, present incumbent, are principal opponents. The friends of

both are sanguine of success.

NEW YORK STOCK MARKET. NEW YORK STOCK MARKET.

NEW YORK, July 20, The market to day was materially lower and his range of values and the volume of business were contracted. The news this morning was almost entirely of a discouraging character, and to the usual advices of damage by thought was added reports of renewed ratecuting in the West and a further decline in the price of silver. There was free selling by foreign houses. The market opened 4: 10 % lower. Piles were weak from the opening but declined in fractional amounts only sind soon railled. Before noon, however, prices were again upon the dawnward path and continued heavy throughout the afternoon, the market becoming extremely dull and finally closing weak. The net result is an almost universal decline, but in me case did the loss exceed & which was in Eric. Northwestern, Lake Shore, Northern Pacific preferred, and New York Central were the other weak stocks. Saies, 212,000 shares.
